- Bucknell University

Bio

Stuart's practice is based on advising clients on the structuring of business transactions and entity choice, including tax planning and estate planning. This would include sophisticated tax analysis, of both federal and state issues, as well as implementation of the business or personal planning. As an example, Mr. Rombro has handled hundreds of like-kind exchanges for clients, structured generation transfers of business and wealth, or planning for the sale or purchase of business and real estate.

Mr. Rombro is a lecturer in the Masters in Taxation Program at the University of Baltimore School of Law and is a member of the Advisory Committee of the School's Graduate Tax Program. He was selected for inclusion in Maryland Super Lawyers in 2007 (tax), 2008 (business/corporate) 2009-14 (tax).
